Re: MBA Committee/Involvement Groups for 2020 – 2021

Expand your network. Grow your leadership. Support Minnesota bankers.

Whether your interest lies in lending, technology, human resources or agriculture, we need your expertise. Your involvement as a committee member is vital to the MBA as we respond to the rapidly changing political, regulatory and educational needs of today’s banking industry. We will be organizing our committees in July 2020 for the 2020 – 2021 year. If you are interested, fill out the form on the next page and return it to the MBA today!

Opportunities

The MBA has three types of banker involvement groups: committees, special interest groups, and task forces. The differences are in the length of member involvement and charge. Committee members are asked to serve up to three one-year appointments. Special interest groups and task forces have no restrictions on the length of appointment. All committees, special interest groups, and task forces report to the MBA Board of Directors. Each group has an MBA staff liaison who plans meetings, takes minutes, and carries out the work of the group.

Your Role

Although each group may vary, your involvement typically would require you to meet in person or by phone two or three times per year and occasionally respond to emails. Bankers advise staff on current banking issues related to the committee, task force or special interest group and help plan education events by suggesting speakers and developing content or topics.

Most of the meetings take place at the MBA offices in Eden Prairie. They start mid-morning to allow for travel time and conclude after lunch. Most groups meet during the months of September through May. The MBA reimburses bankers for mileage or travel expenses and provides lunch. We strongly encourage involvement by bankers across the state to ensure a broad range of insights and experiences in the association. Many members find the committees, special interest groups, and task forces are important sources of networking and keeping in touch with what’s going on in Minnesota banking. Hundreds of Minnesota bankers are involved in our groups, and we hope you will be too!

- **Bank Staffing & Higher Education Task Force – Diane Brower & Carla Bush, Liaisons**
  This task force will identify new ways for the MBA to support Minnesota banks recruit and retain the next generation of bankers.

**Special Interest Groups**

- **Government Relations Council – Tess Rice, Therese Kuvaas & Joe Witt, Liaisons**
  The council is a cross-section of bankers, who represent the geographic and size components of the industry who are very interested in the political process, as well as having specific expertise in issues impacting the industry. Responsibilities are to assist the GR staff with in-depth analysis of issues and make recommendations of our position to the Board of Directors; and be ambassadors to banker colleagues for stronger grass-roots involvement.

- **Credit Union Task Force – Joe Witt, Liaison**
  The task force develops and recommends ideas to address unfair tax and regulatory treatment of credit unions compared to banks in Minnesota and encourage similar national efforts by bankers’ associations.
